## **(7) Coverage Procedure**

### **(A) LOANEE FARMERS (COMPULSORY BASIS):**

The present system of Nodal Bank under NAIS, will continue for MNAIS as well, wherein AIC is not required to deal with all the loan advancing points (branches/PACs) and instead, deals only with designated ‘nodal points’, at district level which are mostly the controlling offices of the branches/PACs. Loanee farmer shall continue to be covered by the present Nodal Bank system. All the Banks (including private sector Banks) where Crop loans are Sanctioned/Advanced for the Notified Crops in a Notified Insurance Unit (IU) for a Notified Crop Season, are required to be COMPULSORILY insured under MNAIS.

For loanee farmers, the modalities for submission of declarations will be the same as in the existing NAIS. Whenever a bank sanctions loan for notified crop in notified area, the same is eligible for compulsory coverage as per seasonality discipline.

The Loan advancing Bank Branch / Primary Agriculture Cooperative Society (PACS) shall prepare for each IU, a Premium Register giving details like Name of the Farmer, Crop Loan Account Number, crop-wise Area Insured, crop-wise Compulsory Sum Insured & Premium, etc.

**Bank branch will apportion coverage among insurable crops, based on acreage mentioned in loan application crop wise or on the basis of actual area sown as declared by the farmer.**

For Loanee farmers Opting Sum Insured beyond Compulsory Sum Insured, the premium register should include Crop-wise Area Insured, Sum Insured & Premium under Additional Coverage, & Crop-wise Area Insured, Sum Insured & Premium under Extended Coverage.

Based on the Premium Register and other Crop loan records, a monthly consolidated statement of crop-wise and IU-wise details of crop insurance with insurance charges (Premium payable by Farmer), and remit the same to its Nodal Bank within 15 days of the month during which the loan was sanctioned (**cut off date**). The bank branch / PACS shall finance the additional loan towards premium amount payable by the farmer, and debit the same to Crop loan account.

For the crop loans sanctioned through Kisan Credit Cards (KCC) which are eligible for compulsory coverage, banks shall maintain all back up records, registers relating to compliance with MNAIS and its seasonality discipline, cut-off-date for submitting the Declarations as in the case of normal crop loans. Bank branch shall apportion the coverage among the insurable crops based on either the acreage mentioned in loan application based on which the ‘Maximum Borrowing Limit (MBL)’ is fixed by the bank or in the proportion the farmer declares separately for the Season.

Crop loans advanced against hypothecation of gold / ornaments are also eligible for compulsory, subject to insurability of crop and seasonality discipline.

The Nodal Branch, in turn, shall consolidate these statements from the bank branches / PACS under its jurisdiction into Month-wise, IU-wise, Crop-wise Declarations, and forward the same to AIC along with a bank cheque / demand draft towards the insurance premium, in accordance with the cut off dates as specified in the Notification for that particular crop and season for Loanee farmers. For the declarations pertaining to Additional/Extended Sum Insured, the cut off dates as specified in the Notification for Non Loanee farmers shall apply.

## **(B) PROCEDURE FOR COVERAGE OF NON-LOANEE FARMERS**

- a) Non-loanee farmer has to operate an SB A/c in any Cooperative Bank/ Schedule Commercial Bank/Regional Rural Bank in his area.
- b) The farmer has to submit the duly filled-in prescribed proposal form along with documents in support of his ownership of land and requisite premium at Bank Branch/PACSSs. If required by AIC, the Farmer has to submit the Certificate of Sowing of the Insured Crop(s).
- c) Apart from Banks, the Non-loanee farmer can also avail insurance through insurance intermediaries/ Authorised Agents of AIC /Department of Agriculture.

## **(8) Different Methods of Indemnification**

Loss assessment is based on the Area approach except in case of post harvest losses due to cyclone and losses due to localized calamity like hail storm.

### **Claims Formula:**

If ‘Actual Yield’ (AY) per hectare of insured crop for insurance unit (calculated on basis of requisite number of CCEs) in insured season, falls short of specified ‘Threshold Yield’ (TY), all insured farmers growing that crop in defined area are deemed to have suffered shortfall in yield of similar magnitude. MNAIS seeks to provide coverage against such contingency.

‘Claim’ shall be calculated as per the following formula:

$$\frac{(\text{Threshold Yield} - \text{Actual Yield}) \times \text{Sum Insured}}{\text{Threshold Yield}}$$

### **Threshold Yield**

Where, Threshold yield for a crop in a notified insurance unit, is the average of past seven years (excluding calamity year(s) as notified by State Government/UT) multiplied by applicable indemnity level for that crop.

Indemnity level is 90%, 80% & 70% corresponding to Low Risk, Medium Risk & High Risk areas which is notified for a particular crop at district level. The crop loss shall be assessed on the basis of following indemnification methods, as per the provisions of the Scheme and Operational Modalities

## **(A) Wide Spread Calamities**

i) Based on crop yield: The Scheme operates on basis of ‘Area Approach’ i.e., Defined Areas for each notified crop for widespread calamities and insurance unit is revenue Village /mandal /group of mandals as specified crop wise in item(3) above .

Based on actual yield furnished by Directorate of Economics and Statistics (DES), indemnity is calculated for each crop\insurance unit at the end of season.

However, in case of severe calamity where loss assessment is possible proximate to the final estimates, an on-account payment upto 25% of the likely claims of the affected crops based on the extent of loss can be paid as adhoc payment during the season. **On account payment shall be implemented since proxy indicators i.e. AWS/State Rainguage stations are available in the proposed districts and such data may be considered for payment, only if expected yield is less than 50% of normal yield.** Appraisal of mid-season adversity and quantum of on-account payment will be established jointly by Government of India/ State Government/UT and AIC. This adhoc

payment is possible if the technical Committee constituted with the officials of Department of Agriculture, Statistics, Revenue and AIC can assess the probable loss on Area Approach Basis and the anticipated claims correctly. In case of near total loss situation during the season (i.e. at a stage of the crop cycle when complete input cost is not incurred), the losses will be paid based on 'graded scale' of payment.

(ii) Prevented Sowing /Planting compensation upto maximum of 25% of the sum insured based on the crop can be given (based on proxy indicators like weather data, area enumeration, satellite imagery, etc.) if 50% of the area in the IU could not be sown or with sowing failure. Once the IU is chosen for this benefit, the insurance cover ceases to operate for the subsequent period of the season. Area sown particulars will also be provided by DES, within one month after end of normal sowing season. As an illustration ,say,50% of 25% (of suminsured ) may be paid if sowing could not be done;75% of 25% if sowing is done ; and 100% of 25% if the germinated crop is withered away or destroyed at very early stage.

(B) Farm level Assessment: (i) Localized Risks - Losses arising due to operation of hailstorm will be assessed at farm level, and the losses are settled in respect of all the three notified districts. (ii) loss / damage to harvested crop lying in 'cut & spread' condition by cyclonic rains for a period of 14 days from harvesting as per the scheme, in the coastal districts i.e. Prakasham and Nellore. On receipt of loss intimation, AIC in coordination with DLMC/Convenor of DLMC would propose the names of Agri. Officer/Revenue officer/Asst statistical officers who would assist AIC for assessment of loss.

As the assessment regarding post-harvest losses and Localized calamities will be on individual basis, it is essential that affected farmers should submit claim intimation to AIC and concerned bank within 48 hrs.

C) Disputed claims / sub-standard claims, if any will be referred through SLCCCI to GOI for consideration by insurance company; and decision of GOI in case of any interpretation of provisions of scheme or disputes will be binding on State Govt. /AIC / Banks and the farmers.

Claims paid for localized risks, post- harvest losses and on account payment shall be adjusted with the claims payable on the basis of yield data, if any, at the end of the season.

#### **(9) Bank Service Charges:**

The Nodal Banks shall be paid Service charge @ 2.50% of premium paid by the farmer.

10) The role of various agencies/Government Department, AIC shall be as defined and explained in the scheme and modalities.

11) The Certified Crop yield data for insured crops /unit areas and individual CCES-wise shall be provided by DES of Govt.of A.P alone and not by any other Department.

12). The Weather Data of APSDMS of Government of A.P /State Rain gauge stations of Planning Dept./IMD shall be used to arrive at the percentage of loss for adhoc settlement of Claims .If possible the weather data shall be used for indemnification under prevented sowing

13) District level monitoring committee (DLMC) will be set up under the Chairman ship of District Collector ,JDA shall be convener, other members from lead bank, CPO ,revenue Dept. and AIC. DLMC is to monitor the coverage, improve publicity awareness, facilitates submission of fortnightly weather and crop condition data coordinates the loss assessment by the joint group and review of implementation

#### **14) IMPORTANT CONDITIONS/CLAUSES APPLICABLE FOR COVERAGE OF RISK:**

a) The risk commences only after the receipt of premium and necessary declarations /proposals from the banks or the insurance intermediary or the authorized agent of the AIC .Therefore the banks /insurance intermediary, channel partner or authorized agent should ensure reporting and remittance of premium promptly. Any loss of declarations/instruments in transit due to negligence by these agencies or non-remittance of premium by these agencies, AIC shall not liable for payment of claims.

(b) In case of any misreporting by nodal bank /branch in case of Compulsory farmers coverage, concerned bank only shall be liable for such misreporting.

(c) Banks shall display list of beneficiary farmers with claim amount (who are eligible for claims) at village panchayat office.

(d) Insurance company will have discretion to accept or reject any risk of an insurance unit(s) for any crop(s) considering prevailing agricultural situation. Mere sanctioning / disbursement of crop loans and submission of proposals/ declarations and remittance of premium by farmer / bank, without explicit intent to raise the crop, does not constitute acceptance of risk by insurance company.

(e) In event of near total crop failure during early or mid season affecting entire Insurance unit, AIC shall adopt a graded scale indemnity settlement restricting indemnity to proportion of input cost upto that stage. Graded scale shall be worked out by insurance company in consultation with State Government. Wherever necessary, services of expert agencies may be availed, by AIC for arriving at graded scale of payment.

(f) AIC, if deemed necessary, will investigate coverage on its own or by an agency appointed for the purpose and may utilize technologies, including satellite imagery for identification of anomalies in crop insurance coverage vis-à-vis actual field conditions. Upon identification of adverse phenomenon based on such investigation, AIC has the right to scale down sum insured. In such cases no refund of premium paid by farmers shall be made by AIC.

g) In case of Prevented sowing failure, the insurance cover will cease in that notified area for that crop where claims arise and settled .

#### **15. Withdrawal of NAIS and service tax**

NAIS is withdrawn for those area(s) / crop(s) of district(s) where the pilot MNAIS is being implemented. Pilot MNAIS is implemented as a replacement for NAIS, and hence exempted from Service Tax similar to NAIS

#### **16. Notification of calamity year:**

2009 has been declared as calamity year and excluded for T.Y calculation.
